

AIA Continuing Education Course

NorthClad is offering our course “Custom Facades Design” as one learning unit/ HSW (#NC02).

The course explores actual projects through the design and construction phases with a focus on the façade. The learning objectives are:

- Understand the elements of bringing together design, cladding system, and materials.
- Learn how to incorporate your design into a proven cladding system
- Understand cost triggers in facade design
- Recognize best use of materials
- Learn what questions to ANSWER as part of your design
- Comprehend why details and performance-based testing matters
- Review options for dealing with facade movement

NorthClad is a division of Northshore Exteriors, who is a premier manufacturer and installer of architectural metal products for the past 34 years. We have successfully completed projects across the United States. More information is available at www.northclad.com

To schedule a presentation, please contact dkillian@northclad.com or call 206-963-6231.

Best Regards,

A handwritten signature in black ink that reads "David Killian".
